RE: Pinery West Sanitary Sewer Lift Station

To whom it may concern:

This is a site application submittal for the Pinery West Lift Station. We are seeking approval for the project concepts as outlined in this submittal prior to submitting to the CDPHE to construct a new lift station in an industrial development area. Documents included with this submittal include:

- CDPHE Site Application, Section 22.9 – Lift Station
- CDPHE Engineering Report
- 60% Design Drawings for the Pinery West Sanitary Sewer Lift Station

Please note that IMEG is still in the process of coordinating with the Pinery Water and Wastewater District to obtain critical information regarding capacity of the Pinery Wastewater Treatment Facility. The application and engineering report will be updated upon receiving this information. Should you have comments or concerns, please reach out to me directly at [ryan.k.vevang@imegcorp.com](mailto:ryan.k.vevang@imegcorp.com) or 303-796-6058

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Vevang".

Ryan K. Vevang, P.E.
